

GEOLOGICAL SOCIETY OF INDIA

Annual General Body Meeting 2024

&

International Seminar on Plate Tectonics, Sedimentation and Metallogeny through Time

The Annual General Body Meeting (AGM-2024) will be held at SDM College of Engineering and Technology (SDMCET), Dharwad, along with an International Seminar on Plate Tectonics, Sedimentation and Metallogeny through Time during 26-28 November, 2024. Fellows and Members interested to participate in AGM and Seminar, may kindly submit abstract on or before 30th June 2024. The abstract can be submitted to Dr. Venkatramana S. Hedge, Convenor through email: vshegde2024intsem@gmail.com. The detailed brochure is available on the Society website: www.geosocindia.org.

Journal of the Geological Society of India

New Manuscript Submission Link

The Journal of the Geological Society of India (*JGSI*) is a premier geosciences journal being published by the Geological Society of India since 1959. Till date 99 volumes (Volume 100 in progress) of the journal have been published uninterrupted even during the Pandemic "Covid-19". The journal publishes peer reviewed Original Research Articles, Short Research Articles (for quick dissemination of current research topics), Discussion (comment and reply on the articles published earlier in the *JGSI*), Review Articles, Editorials, Special Issues containing contributions on a specific theme, Book Reviews, Correspondence, News and Notes on geosciences received, from India and overseas.

I am pleased to announce that from January 2024 onwards, *JGSI* (Volume 100) is being published with GeoScienceWorld (GSW) (<https://pubs.geoscienceworld.org/jour-geosocindia>) and on the Society website (<https://www.geosocindia.com>). The authors intending to submit their manuscripts (MS) to the *JGSI* are required to submit their MSs using the following link:
