

REVIEW

THE GEOLOGY, EXPLORATION, MINING, MINERAL PROCESSING AND METALLURGY OF FERROUS AND FERRO-ALLOY MINERALS. Department of Geology, Bangalore University.

This is a collection of papers presented at the symposium on Ferrous and Ferro-Alloy Minerals held at Bangalore and at Nandihalli between 25th and 29th May, 1976. The papers have been grouped under four sections: Geology, Exploration and Mining, Mineral processing, and Metallurgy.

Although coverage is not comprehensive, the articles collected in the volume will serve to give an idea of the problems faced by the ferrous and ferro-alloy industry. Price is not indicated. Copies can be had from the Editor, Department of Geology, Bangalore University, Bangalore 560001.

CHINESE ASTRONOMY—a selected translation of Acta Astronomica Sinica, Pergamon Press, Oxford. Vol. 1, No. 1, 1977.

This is a translation of the Chinese Journal Acta Astronomica Sinica. Some of the important articles which have appeared in the Journal have been translated with a view to making some of the recent results of Chinese astronomers and astrophysicists known to their colleagues in other parts of the world.

The present number contains papers mostly dealing with solar physics. The editors promise papers on other areas in the subsequent issues.

NOTES

GEOCON-INDIA

The Indian Institute of Technology Delhi will be the venue of a Conference on Geotechnical Engineering: GEOCON-India, sponsored by the Indian Geotechnical Society. GEOCON-India is scheduled to be held from December 20-22, 1978.

GEOCON-India is being designed to provide a forum for discussion among those working in the fields of Soil Mechanics, Foundation Engineering, Rock Mechanics and Engineering Geology.

For further particulars please contact :

Dr. Shashi K. Gulhati
Organising Secretary, GEOCON-India
Professor of Civil Engineering
Indian Institute of Technology Delhi
